IRON AND STEEL ENGINEER INDEX FOR 1954

Herewith is presented the index of all authors and papers published in the IRON AND STEEL ENGINEER for the year 1954

LIST OF AUTHORS

A

ALLISON, F. H., JR. and PETERSON, C. E. — "Modern Manufacture and Use of Cast Rolling Mill Rolls," December, 1954, Page 68.

APPERSON, J. S. — "System Engineering for Continuous Strip Processing Lines," June, 1954, Page 68.

ARMSTRONG, ELDON L. — "Factors Affecting Performance of High Temperature Greases," September, 1954, Page 167.

AARONS, J. S. and WARREN, R. G. — "Pumpability of Steel Mill Greases — Parts I and II," October, 1954, Page 67.

B

BAILEY, E. T. W. — "New Open Hearth Furnaces at Stelco," June, 1954, Page 91.

BARNS, B. D. and RAAFLAUB, H. E. — "New Soaking Pit Facilities at Steel Division of Ford Motor Co.," May, 1954, Page 109.

BEAMAN, P. A. — "Processing and Drawing of Steel Wire," October, 1954, Page 96.

BEARD, G. G. — The Economics of Replacement in the Steel Industry," October, 1954, Page 55.

BERRY, R. L. — "Applications for Laminated Fabric Bearings," September, 1954, Page 161.

BLACK, W. A. — "Uses of Resistance Wire Type Strain Gages in Steel Plants," November, 1954, Page 57.

BONETTI, JUAN M., MAVIS, FREDERIC T. and PECK, CHARLES F., JR. — "Temperature Stresses in Iron Work Rolls," June, 1954, Page 45.

BRADBURY, T. G. — "Metallurgical Aspects of Plant Maintenance," September, 1954, Page 90.

BRANDT, ALLEN D. — "Air Pollution Control in the Bethlehem Steel Co.," August, 1954, Page 103.

BRANDT, C. C. and SCAROLA, PHILIP — "Combination Bar and Rod Mill — Los Angeles Plant," July, 1954, Page 72.

BRITT, B. L. — "Transformer Maintenance," September, 1954, Page 101.

BRONLUND, L. R. and GRAHAM, D. C. — "Transformer Materials," August, 1954, Page 118.

BROWNING, E. H. — "Modern Arc Furnace Equipment and Practices," March, 1954, Page 71.

BURDEN, C. H. and ZELLEY, W. E. — "Increasing Rod Production by Conversion of a 2-Strand Rod Mill to 3-Strand Operation," December, 1954, Page 55.

C

CAMPBELL, G. J. — "Use of High Velocity Burners for Edge Heating Skelp," October, 1954, Page 111.

CARDWELL, GILBERT P. — "Modern Methods of Communication at Lukens Steel Co.," November, 1954, Page 127.

CARTER, GLENN O. — "Use of Oxygen in Steel Mills," June, 1954, Page 80.

CARTER, W. B. — "Daily Maintenance Cost Control — the Foreman's Tool," September, 1954, Page 123.

CLARK, M. S., KEISER, A. C., JR., PERSO, E. E. and MANDY, W. H. — "Steel Mill Lubrication Problems," September, 1954, Page 177.

CRISMAN, S. W. — "Modernization of Skelp Mill at Wheeling Steel's Benwood Works", August, 1954, Page 148.

D

DEBENHAM, W. S. — "Bricklaying as a Factor in the Performance of Blast Furnace Linings," March, 1954, Page 76.

DEILY, R. L. — "Use of Oxyacetylene in Rolling Mills," March, 1954, Page 83.

DIRTH, GEORGE P. — "Temper Mill Control," October, 1954, Page 81.

DUCHENE, JAMES L. — "Application of Bronze Bearing Alloys," May, 1954, Page 92.

DUDLEY, WRAY — "Estimating Motor Room Installation Costs," May, 1954, Page 87.

E

ELGE, E. A. — "Power Transformer Preventive Maintenance in the Steel Industry," August, 1954, Page 128.

ENOCHS, J. J. and KINCAID, REECE — "Improved Cleaning Techniques for Open Hearth Checkers," August, 1954, Page 79.

ESS, T. J. — "Kaiser Steel Corporation's Fontana Plant," February, 1954, Following Page 84.

ESS, T. J. — "Fairless Works — United States Steel's Newest," June, 1954, Page 76.

ESS, T. J. — "Jones & Laughlin . . . Pittsburgh Works," November, 1954, Page 75.

G

GIBSON, R. P. — "Economy Realized Through Strain Gage Checks," September, 1954, Page 88.

GOLDSTEIN, J. — "Economical Roll Reclamation," September, 1954, Page 112.

GRAHAM, D. C. and BRONLUND, L. R. — "Transformer Materials," August, 1954, Page 118.

GRAHAM, ROBERT W. — "Crane Power Limit Switches," May, 1954, Page 98.

GROSVENOR, GEORGE — "Atomization of Liquid Fuels by High Pressure Natural Gases," October, 1954, Page 77.

H

HALL, H. S. — "Effect of Secondary Checkers on Open Hearth Furnaces," November, 1954, Page 112.

HALL, ROBERT — "Rebuilding Steel Mill Rolls," September, 1954, Page 109.

HAMILTON, C. P. — "Integrated Electrical Equipment for Blast Furnace Operation," April, 1954, Page 89.

HARRIS, W. R. and STRINGER, L. F. — "Tension Regulator on Kaiser Temper Mill," August, 1954, Page 71.

HARRY, R. J. — "A Safety Limit Stop," May, 1954, Page 104.

HAYS, ERLE M. — "Imported Ore Handling — Machines and Practices," August, 1954, Page 84.

HEADLEE, J. F. — "Cathodic Protection for Steel Mill Grounding Systems," March, 1954, Page 113.

HESS, FREDERIC O. — "Heat Processing in Industry — Facts and Figures," February, 1954, Page 67.

HOGAN, W. T., S. J. — "Impact of Technical Developments in Light Flat Rolling on the Consuming Industries," February, 1954, Page 67.

HOWELL, HAROLD I. — "Power Generation Expansion," May, 1954, Page 132.

J

JOHANNSEN, K. L. — "Maintenance Aspects of Corrosion Program at Fairless Works," September, 1954, Page 115.

JONES, WALTER L., JR. — "Selling Safety," December, 1954, Page 96.

JORDAN, ROBERT M. — "Cleaning of Open Hearth Checkers and Sewers During Operation," July, 1954, Page 98.

K

KEISER, A. C., JR., PERSO, E. E., MANDY, W. H. AND CLARK, M. S. — "Steel Mill Lubrication Problems," September, 1954, Page 177.

KINCAID, REECE and ENOCHS, J. J. — "Improved Cleaning Techniques for Open Hearth Checkers," August, 1954, Page 79.

KING, A. D. — "Productive Maintenance," September, 1954, Page 98.

KIPP, DR. E. M. and SARGENT, DR. L. B., JR. — "Activated Alumina for the Maintenance of Gas Engine Crankcase Oils," October, 1954, Page 73.

KRANER, HOBART M. — "Trends in Blast Furnace Linings," July, 1954, Page 79.

KRAPF, GEORGE H. — "Gas Turbines for the Steel Industry," April, 1954, Page 97.

KUKA, K. S. — "Control of Electric Power Systems in Steel Plants," March, 1954, Page 105.

L

LEISTER, R. G. — "Lubrication Practices at Alan Wood Steel Co.," November, 1954, Page 138.

LEVOY, L. G. — "The Application of Transformers in the Steel Industry," August, 1954, Page 124.

LOHREY, CLARENCE R. — "Coke Plant and Blast Furnace Expansion at Fontana," July, 1954, Page 67.

LORIG, E. T. — "Application and Use of Self-Centering Rolls," January, 1954, Page 59.

LUCAS, R. T. — "Use of Magnetic Amplifiers in Control Circuits," January, 1954, Page 74.

M

McCLUNG, W. J. — "The Diversity of Products of Low Individual Tonnages," April, 1954, Page 101.

McCRADY, D. C. and WRIGHT, W. G. — "Adjustable Voltage Coal Bridge Installed at Steel Co. of Canada," May, 1954, Page 126.

D. C. McCRADY — "Control and Drive Equipment on D-C Electric Traveling Crane Bridges," July, 1954, Page 55.

McDONALD, E. C. — "Republic's New Open Hearth Furnaces at Cleveland," June, 1954, Page 99.

McMICHAEL, ROBERT C. — "Direct Rolling of Carbon Steel Ingots to Plates on Three-High and Four-High Plate Mills," March, 1954, Page 91.

MADSEN, I. E. — "Developments in the Iron and Steel Industry During 1953," January, 1954, Page 120.

MADSEN, I. E. — "Coke and By-Products in 1953," December, 1954, Page 87

MANDY, W. H., CLARK, M. S., KEISER, A. C., JR. and PERSO, E. E. — "Steel Mill Lubrication Problems," September, 1954, Page 177.

MARRS, R. E. — "Electrical Systems for Hot Strip Mills," February, 1954, Page 99.

MARTIN, W. M. — "Developments in Communications," February, 1954, Page 95.

MAVIS, FREDERIC T., BONETTI, JUAN M. and PECK, CHARLES F., JR. — "Temperature Stresses in Iron Work Rolls," June, 1954, Page 45.

MICAN, G. S. — "A New Theory of Hot Rolling," May, 1954, Page 55.

MILLER, W. E. — "Electric Systems for Main Drives," July, 1954, Page 83.

MIRSEPASSI, TAGHI and PASCHKIS, PROFESSOR V. — "Temperature Distribution in the Hearths of Blast Furnaces," February, 1954, Page 53.

MONTORO, J. C. — "Use of Models for Layout and Planning," September, 1954, Page 154.

MOORE, DAVID D. — "Cost Comparisons of the Open Hearth and Electric Furnace," March, 1954, Page 55.

N

NEBOLSINE, ROSS — "Water Supply for Steel Plants," April, 1954, Page 78.

NOBLE, R. E. — "Trends in Recent Cold Mill Installations," July, 1954, Page 105.

P

PASCHKIS, PROFESSOR V. and MIRSEPASSI, TAGHI — "Temperature Distribution in the Hearths of Blast Furnaces," February, 1954, Page 53.

PECK, CHARLES F., JR., BONETTI, JUAN M. and MAVIS, FREDERIC T. — "Temperature Stresses in Iron Work Rolls," June, 1954, Page 45.

PERSO, E. E., MANDY, W. H., CLARK, M. S. and KEISER, A. C., JR. — "Steel Mill Lubrication Problems," September, 1954, Page 177.

PETERSON, C. E. and ALLISON, F. H., JR. — "Modern Manufacture and Use of Cast Rolling Mill Rolls," December, 1954, Page 68.

PETERSON, E. C. — "Mechanical Features of Bar and Rod Mills," November, 1954, Page 103.

PINNEY, JAMES A. B. — "6900-Volt Power System Fault Relay Analysis," January, 1954, Page 99.

PRITCHARD, C. E. — "Safety in Operations," December, 1954, Page 97.

PULLEN, F. R. — "Soaking Pit Fuel Selection," March, 1954, Page 80.

PRUDEN, W. F. and YOUNG, JOHN L. — "United States Steel in the West," April, 1954, Page 57.

Q

QUESNEL, J. B. — "Surveying for Safety," December, 1954, Page 101.

R

RAAFLAUB, H. E. and BARNS, B. D. — "New Soaking Pit Facilities at Steel Division of Ford Motor Co.," May, 1954, Page 109.

RECTENWALD, R. L. — "Ultrasonics in Maintenance Planning and Product Quality Control," September, 1954, Page 77.

REED, MALCOLM W. — "More Than Technology," June, 1954, Page 77.

REES, W. D. — "Use of Plastic, Castable, and Gunning Materials in Soaking Pits," June, 1954, Page 59.

REINARTZ, L. F. and BARNES, H. C. — "Electric Furnace vs Open Hearth in Cold Metal Shops," January, 1954, Page 114.

RICHARDSON, G. S. — "Foundation Design for Iron & Steel Plants," April, 1954, Page 73.

RITTER, WAYNE G. — "Application of Lubricants to Rolling Mills — Problems, Developments and Trends," December, 1954, Page 78.

ROBERTSON, H. A. — "Refractory Types and Applications," January, 1954, Page 86.

RODDER, WILLIAM — "Recent Advancement in Continuous Butt and Induction Weld Pipe Mills," August, 1954, Page 108.

ROLLINS, J. D. — "Engineering Conception of Fairless Works," December, 1954, Page 115.

RUBIN, NORBERT C. — "The Modern Electric Weld Pipe and Casing Mill," April, 1954, Page 120.

RUGER, H. D. — "Extensions to Electrical Generating and Distribution Systems at Bethlehem's Sparrows Point Plant," November, 1954, Page 133.

S

SARGENT, DR. L. B., JR. and KIPP, DR. E. M. — "Activated Alumina for the Maintenance of Gas Engine Crankcase Oils," October, 1954, Page 73.

SCAROLA, PHILIP and BRANDT, C. C. — "Combination Bar and Rod Mill — Los Angeles Plant," July, 1954, Page 72.

SCHEU, DONALD T. — "Design and Application of Conveyor Belts for the Steel Industry," October, 1954, Page 117.

SCHWABE, W. E. — "Determination of the Optimum Current in an Arc Furnace," June, 1954, Page 87.

SMITH, C. E. — "Control for A Modern Electric Weld Pipe and Casing Mill," April, 1954, Page 124.

SPADONE, CHARLES D. — "Oilless Bearings — Their Place in Industry," September, 1954, Page 185.

STRINGER, L. F. and HARRIS, W. R. — "Tension Regulator on Kaiser Temper Mill," August, 1954, Page 71.

T

THACKER, H. B. — "Grounded versus Ungrounded Low-Voltage A-C Systems," April, 1954, Page 65.

THURMAN, ASTOR L. — "A Mechanical Extrusion Press for Producing Tubes and Bars," November, 1954, Page 64.

TYSON, J. D. — "Intra-Plant Handling of Round Billets and Pipe with Special Automotive Equipment," June, 1954, Page 107.

V

VER SNYDER, F. L. — "Problems in Developing Alloy Steels for Aircraft Gas Turbines," May, 1954, Page 115.

VIEROW, E. A. — "Metallic Recuperators in the Steel Industry," August, 1954, Page 57.

VONADA, E. E. — "Unusual Electrical Drive Features Applied to Fairless Processing Lines," April, 1954, Page 114.

VONADA, E. E. — "Helper Drives Help Steel Processing Lines," September, 1954, Page 192.

W

WALLIS, W. B. — "The Electric Furnace West of the Rockies," May, 1954, Page 80.

WARCHOL, JOHN A., JR. — "Maintenance of Slag Bottom Soaking Pits," December, 1954, Page 121.

WARREN, R. G. and AARONS, J. S. — "Pumpability of Steel Mill Greases — Parts I and II," October, 1954, Page 67.

WEBSTER, CLARENCE J. — "Combination Fuel Firing of Boiler Plants," July, 1954, Page 70.

WEESNER, ROBERT J. — "Application of Magnetic Amplifiers," October, 1954, Page 101.

WHEELER, W. C. — "Growth Possibilities of Electric Furnace Carbon Steel," February, 1954, Page 85.

WILLIAMSON, H. V. — "Use of Low Pressure Carbon Dioxide for Fire Control," October, 1954, Page 107.

WOHLGEMUTH, M. J. — "Field Repair of Large Rotating Machinery," September, 1954, Page 106.

WRIGHT, W. G. and McCRADY, D. C. — "Adjustable Voltage Coal Bridge Installed at Steel Co. of Canada," May, 1954, Page 126.

Y

YOUNG, JOHN L. and PRUDEN, W. F. — "United States Steel in the West," April, 1954, Page 57.

Z

ZELLEY, W. E. and BURDEN, C. H. — "Increasing Rod Production by Conversion of a 2-Strand Rod Mill to 3-Strand Operation," December, 1954, Page 55.

LIST OF SUBJECTS

A

"Activated Alumina for the Maintenance of Gas Engine Crankcase Oils" — By DR. L. B. SARGENT, JR. and DR. E. M. KIPP, October, 1954, Page 73.

"Adjustable Voltage Coal Bridge Installed at Steel Co. of Canada" — By W. G. WRIGHT and D. C. McCRADY, May, 1954, Page 126.

"Air Pollution Control in the Bethlehem Steel Co." — By ALLEN D. BRANDT, August, 1954, Page 103.

"AISE Annual Convention and Iron and Steel Exposition, Program — 1954" — September, 1954, Page 128.

"AISE Annual Convention — Pictorial Review" — October, 1954, Page 94.

"AISE Annual Spring Conference, Program" — April, 1954, Page 105.

"AISE District Chairmen 1954-55" — November, 1954, Page 144.

"AISE Spring Conference Pictorial Review — 1954" — May, 1954, Page 124.

"AISE West Coast Meeting — Pictorial Review" — March, 1954, Page 116.

"Alan Wood Steel Co., Lubrication Practices at" — By R. G. LEISTER, November, 1954, Page 138.

"American Iron and Steel Institute, Program of the" — August, 1954, Page 136.

"Amplifiers, Application of Magnetic" — By ROBERT J. WEESNER, October, 1954, Page 101.

"Amplifiers in Control Circuits, Use of Magnetic" — By R. T. LUCAS, January, 1954, Page 74.

"Application and Use of Self-Centering Rolls" — By E. T. LORIG, January, 1954, Page 59.

"Application of Bronze Bearing Alloys" — By JAMES L. DUCHENE, May, 1954, Page 92.

"Application of Lubricants to Rolling Mills — Problems, Developments and Trends" — By WAYNE G. RITTER, December, 1954, Page 78.

"Application of Magnetic Amplifiers" — By ROBERT J. WEESNER, October, 1954, Page 101.

"Application of Transformers in the Steel Industry, The" — By L. G. LEVOY, August, 1954, Page 124.

"Applications for Laminated Fabric Bearings" — By R. L. BERRY, September, 1954, Page 161.

"Arc Furnace, Determination of the Optimum Current in an" — By W. E. SCHWABE, June, 1954, Page 87.

"Arc Furnace Equipment and Practices, Modern" — By E. H. BROWNING, March, 1954, Page 71.

"Association of Iron and Steel Engineers, National Committees for 1954" — January, 1954, Page 97.

"Association of Iron and Steel Engineers 1954, Newly Elected Officers and Directors" — January, 1954, Page 94.

"Atomization of Liquid Fuels by High Pressure Natural Gases" — By GEORGE GROSVENOR, October, 1954, Page 77.

B

"Bar and Rod Mills, Mechanical Features of" — By E. C. PETERSON, November, 1954, Page 103.

"Bearing Alloys, Application of Bronze" — By JAMES L. DUCHENE, May, 1954, Page 92.

"Bearings, Applications for Laminated Fabric" — By R. L. BERRY, September, 1954, Page 161.

"Bearings — Their Place in Industry, Oilless" — By CHARLES D. SPADONE, September, 1954, Page 185.

"Belts for the Steel Industry, Design and Application of Conveyor" — By DONALD T. SCHEU, October, 1954, Page 117.

"Bethlehem Steel Co., Air Pollution Control in the" — By ALLEN D. BRANDT, August, 1954, Page 103.

"Bethlehem's Sparrows Point Plant, Extensions to Electrical Generating and Distribution Systems at" — By H. D. RUGER, November, 1954, Page 133.

"Billets and Pipe with Special Automotive Equipment, Intra-Plant Handling of Round" — By J. D. TYSON, June, 1954, Page 107

"Blast Furnace Expansion at Fontana, Coke Plant and" — By CLARENCE R. LOHREY, July, 1954, Page 67.

"Blast Furnace Linings, Bricklaying as a Factor in the Performance of" — W. S. DEBENHAM, March, 1954, Page 76.

"Blast Furnace Linings, Trends in" — By HOBART M. KRANER, July, 1954, Page 79.

"Blast Furnace Operation, Integrated Electrical Equipment for" — By C. P. HAMILTON, April, 1954, Page 89.

"Blast Furnace, Temperature Distribution in the Hearths of" — By PROFESSOR V. PASCHKIS and TAGHI MIRSEPASSI, February, 1954, Page 53.

"Boiler Plants, Combination Fuel Firing of" — By CLARENCE J. WEBSTER, July, 1954, Page 70.

"Bricklaying as a Factor in the Performance of Blast Furnace Linings" — By W. S. DEBENHAM, March, 1954, Page 76.

"Bridge Installed at Steel Co. of Canada, Adjustable Voltage Coal" — By W. G. WRIGHT and D. C. McCRADY, May, 1954, Page 126.

"Burners for Edge Heating Skelp, Use of High Velocity" — By G. J. CAMPBELL, October, 1954, Page 111.

"By-Products in 1953, Coke and" — By I. E. MADSEN, December, 1954, Page 87.

C

"Carbon Dioxide for Fire Control, Use of Low Pressure" — By H. V. WILLIAMSON, October, 1954, Page 107.

"Castable and Gunning Materials in Soaking Pits, Use of Plastic" — By W. D. REES, June, 1954, Page 59.

"Cathodic Protection for Steel Mill Grounding Systems" — By J. F. HEADLEE, March, 1954, Page 113.

"Chairmen 1954-55, AISE District" — November, 1954, Page 144.

"Checkers and Sewers During Operation, Cleaning of Open Hearth" — By R. M. JORDAN, July, 1954, Page 105.

"Checkers on Open Hearth Furnaces, Effect of Secondary" — By H. S. HALL, November, 1954, Page 112.

"Cleaning of Open Hearth Checkers and Sewers During Operation" — By R. M. JORDAN, July, 1954, Page 98.

"Cleaning Techniques for Open Hearth Checkers, Improved" — By J. J. ENOCHS and REESE KINCAID, August, 1954, Page 79.

"Coke and By-Products in 1953" — By I. E. MADSEN, December, 1954, Page 87.

"Coke Plant and Blast Furnace Expansion at Fontana" — By CLARENCE R. LOHREY, July, 1954, Page 67.

"Combination Bar and Rod Mill — Los Angeles Plant" — By C. C. BRANDT and PHILIP SCAROLA, July, 1954, Page 72.

"Combination Fuel Firing of Boiler Plants" — By CLARENCE J. WEBSTER, July, 1954, Page 70.

"Communication at Lukens Steel Co., Modern Methods of" — By GILBERT P. CARDWELL, November, 1954, Page 127.

Communications, Developments in" — By W. M. MARTIN, February, 1954, Page 95.

"Conference Pictorial Review — 1954, AISE Spring" — May, 1954, Page 124.

"Control, Temper Mill" — By GEORGE P. DIRTH, October, 1954, Page 81.

"Control and Drive Equipment on D-C Electric Traveling Crane Bridges" — By D. C. McCRADY, July, 1954, Page 55.

"Control for A Modern Electric Weld Pipe and Casing Mill" — By C. E. SMITH, April, 1954, Page 124.

"Control of Electric Power Systems in Steel Plants" — By K. S. KUKA, March, 1954, Page 105.

"Conveyor Belts for the Steel Industry, Design and Application of" — By DONALD T. SCHEU, October, 1954, Page 117.

"Corrosion Program at Fairless Works, Maintenance Aspects" — By K. L. JOHANNSEN, September, 1954, Page 115.

"Cost Comparisons of the Open Hearth and Electric Furnace" — By DAVID D. MOORE, March, 1954, Page 55.

"Crane Bridges, Control and Drive Equipment on D-C Electric Traveling" — By D. C. McCRADY, July, 1954, Page 55.

"Crane Power Limit Switches" — By R. W. GRAHAM, May, 1954, Page 98.

D

"Daily Maintenance Cost Control — the Foreman's Tool" — By W. B. CARTER, September, 1954, Page 123.

"Design and Application of Conveyor Belts for the Steel Industry" — By DONALD T. SCHEU, October, 1954, Page 117.

"Design for Iron and Steel Plants, Foundation" — By GEORGE S. RICHARDSON, April, 1954, Page 73.

"Determination of the Optimum Current in an Arc Furnace" — By W. E. SCHWABE, June, 1954, Page 87.

"Developments in Communications" — By W. M. MARTIN, February, 1954, Page 95.

"Developments in the Iron and Steel Industry During 1953" — By I. E. MADSEN, January, 1954, Page 120.

"Direct Rolling of Carbon Steel Ingots to Plates on Three-High and Four-High Plate Mills" — By ROBERT C. McMICHAEL, March, 1954, Page 91.

"Distribution Systems at Bethlehem's Sparrows Point Plant, Extensions to Electrical Generating and" — By H. D. RUGER, November, 1954, Page 133.

"Diversity of Products of Low Individual Tonnages, The" — By W. J. McCLUNG, April, 1954, Page 101.

"Drawing of Steel Wire, Processing and" — By P. A. BEAMAN, October, 1954, Page 96.

"Drives, Electric Systems for Main" — By W. E. MILLER, July, 1954, Page 83.

"Drives Help Steel Processing Lines, Helper" — By E. E. VONADA, September, 1954, Page 192.

E

"Economical Roll Reclamation" — By J. GOLDSTEIN, September, 1954, Page 112.

"Economics of Replacement in the Steel Industry, The" — By G. G. BEARD, October, 1954, Page 55.

"Economy Realized Through Strain Gage Checks" — By R. P. GIBSON, September, 1954, Page 88.

"Effect of Secondary Checkers on Open Hearth Furnaces" — By H. S. HALL, November, 1954, Page 112.

"Electric Drive Features Applied to Fairless Processing Lines, Unusual" — By E. E. VONADA, April, 1954, Page 114.

"Electric Furnace Carbon Steel, Growth Possibilities of" — By WILLARD C. WHEELER, February, 1954, Page 85.

"Electric Furnace, Cost Comparisons of the Open Hearth and" — By DAVID D. MOORE, March, 1954, Page 55.

"Electric Furnace vs Open Hearth in Cold Metal Shops" — By L. F. REINARTZ and H. C. BARNES, January, 1954, Page 114.

"Electric Furnace West of the Rockies, The" — By W. B. WALLIS, May, 1954, Page 80.

"Electric Systems for Main Drives" — By W. E. MILLER, July, 1954, Page 79.

"Electric Weld Pipe and Casing Mill, Control for a Modern" — By C. E. SMITH, April, 1954, Page 124.

"Electric Weld Pipe and Casing Mill, The Modern" — By NORBERT C. RUBIN, April, 1954, Page 120.

"Electrical Power Distribution and Utilization at Lone Star Steel Co." — By R. G. ORTHWEIN, December, 1954, Page 104.

"Electrical Systems for Hot Strip Mills" — By R. E. MARRS, February, 1954, Page 99.
